A Pleasing Reflection.

Comes to those who wear our glasses. They not only see well but their mirrors tell them that they look well, too.

Satisfactory glasses are those which are right in every particular—frames, lenses, style and price. Our guarantee of entire satisfaction covers every point.

If satisfaction is what you want you should see us about your eyes.

Will tell you their condition and what they need. If glasses are not indicated we'll tell you so.

Make your appointment by Phone Main 299.

Section Director.

CRITTENTON HOME PRAYER MEETING—A prayer meeting will be held tonight at the Florence Crittenton Home beginning at half past seven o'clock. It will be led by B. J. Blanchard. The friends of the institution and the neighbors are especially invited to attend.

BROUGHT IN A CRAZY MAN—Sheriff Shanley of Globe, who arrived in town last night with a man by the name of Williams who had been committed to the insane asylum. Williams is a stranger at Globe. He arrived there a few days ago saying that he had been employed on the Tonto dam.

NEW CORPORATIONS—Articles of the following corporations were filed in the office of the county recorder yesterday: Nevada Queen Mining and Milling company, capital stock, \$1,000,000, incorporators G. B. Kelly, L. H. Goulet and W. A. Byers; Camden Mining and Smelting company, capital stock, \$1,000,000, incorporators J. A. and L. J. Buckley; Michigan and Ontario Oil company, capital stock \$1,500,000, incorporators H. W. Wright and E. R. Warner.

THE RELIEF MILL STARTS—Geo. Hamlin came in from the Relief mill Sunday evening and brings the news that the mill has been started again. This time he thinks for a continuous run. It will be remembered that it was closed down some weeks ago for lack of fuel, the wood supply being exhausted and the roads being too bad to haul any more. He says he now has a large quantity of wood cut and a lot of it hauled. He thinks the storm is over and there will be no further trouble from that source. He says also that the force in the mine has been working continuously and that he is now in a hundred feet on the new ore body discovered some weeks ago and which branches off from the 250 foot level.

A KANSAS VISITOR—Mr. William Johnson of Sedan, Kansas, is a Phoenix visitor coming here to see his brother, Mr. J. A. Johnson, who resides at the corner of Third and Madison streets. Mr. Johnson is not particularly surprised at what he sees here for he has been here various times before and has something of an acquaintance with Phoenix. His last previous visit was about two years ago and he is pleased to note many improvements and also the future prospects of the city which were never more flattering.

Mr. Johnson comes from the new Kansas Oil belt, Sedan being an important center of operations. He is one of the fortunate ones who were on the ground when old General Prosperity made his appearance and began operating in oil. He has quite extensive business interests in Sedan which has been enjoying a considerable boom, and is president of a corporation that built in that city a very fine hotel known as the Bradford hotel.

COMING IN ONE BY ONE—Jesus Hernandez was before Justice Johnston yesterday charged with a disturbance of the peace. Hernandez, Marcel Garcia and another Mexican known as El Capitán celebrated the closing of the legislature last Thursday night by getting drunk and keeping a neighborhood in the southern part of the city awake. They assaulted those whom they happened to meet on the street in the early hours of the morning and tried to break into the Columbus saloon. The next morning Garcia was captured but the other two had hidden out. Hernandez came out of his hiding place on Sunday night and was picked up. Mike Cedio was before the court charged with trying to provoke a fight out of Frank Miller.

He might have succeeded if Constable Proops had not come along and in that case the condition of Cedio would have been worse than it is now. He was fined \$7. P. Rodriguez on Sunday night made a circuit of the saloons trying to get into a fight. He succeeded. One man waited for him out in an alley and when the Mexican came out he lifted him a foot on the ground by a well directed uppercut. Then the unknown ran, pursued by an officer, who lost track of him. When the officer returned to the scene of the affray the Mexican was just getting able to notice things. He was sent to jail for seven days.

THE SALT'S HIGH RECORD

The River Last Night Exceeded All Other Heights by Four Feet.

The Salt river opposite and below the city was higher last night than it had been at any time this season higher than it had been for fourteen years. It overtopped all previous floods of the present season by four feet. The lower Akdre ranch seemed doomed. At that point the flood began rising soon after noon and before night it had taken a strip of fifteen acres from the ranch. At night the water was still rising and the sound of the sloughed off soil could be heard dropping. There were originally eighty acres of the ranch. Frank T. Akdre said last night that there would not be more than forty acres this morning.

Most of the water now running past the city evidently, Mr. Akdre believes, comes from the Verde. That fact has been arrived at by him by the character of the debris which it is carrying. There are a great many things that belong to the mines, such as ties belonging to a mining railroad. Some of them were caught and found to have spikes in them. Much of the rest of the drift carried by the flood could not have come from along the Salt.

But Sheriff Shanley of Globe, who arrived in the city last night, accounted for the railroad ties. He said that they came from the washout of the city Valley, Globe and Northern along Tinal creek. He had noticed the ties floating in the river when he crossed it at Tempe yesterday afternoon.

Though the river is higher at this point than it has been before it was not so high at the dam as some of the earlier floods. Yesterday morning only a little more than four feet of water was pouring over. By three o'clock yesterday afternoon the volume had increased to more than six feet. Later it raised another foot, then began falling.

Some boys playing along the river near the joint-head last Saturday said that they saw the body of a man floating. When it was first seen it was thought to be a log, but as it was tossed out time and again the boys easily made out that it was a human body. Whose it could be is a matter of conjecture for the bodies of all the men to have been drowned had already been recovered.

George Sears coming in from the northwest yesterday reported another Cave creek flood. It was tearing its way over the Grand canal and it was thought that it would reach the outskirts of the city some time in the night. But a telephone message from Webb's ranch last night stated that the worst was already over. The Grand canal had taken up so much of the water that there was not a respectable flood left. It did not spread into the fields at all, but was confined to the road. It ran into the Maricopa canal and disappeared.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of FRANK J. CHENEY'S Catarrh Cure.
